– Something New Is Coming! –

In his final days on this earth, and while in a Roman prison, in **2 Timothy 4:13** the apostle Paul instructed Timothy to **bring to him the scrolls and parchments**. Paul was not finished in his reading of Scripture material. Even to the day he was martyred for the Lord Jesus, he was still reading.

In a previous letter to Timothy,

the Holy Spirit gave a similar mandate to the same disciple. This mandate was stated clearly in **1 Timothy 4:13**: “*Until I come, give heed to reading.*” Nothing was stated concerning that to the material Timothy was to give heed in reading. The command was simply based on that fact that as a disciple of Jesus, Timothy was to “*give heed to reading.*” And so should every disciple do today. For this reason we will release the ministry of the Scroll School in the near future with an initial **6,000** readers.

A Textbook For Bible Schools

In 2024 we printed and started the distribution of the Teacher's Bible Commentary. Since the initial release of the volume some very fantastic things have transpired. Henry Frimpong ordered a palletized of the TB Commentaries to be marketed throughout the country of Ghana. This is in prayerful hope that the Ghanain folks will request more in order that the volume be distributed through Ghana.

THE NEW FACE!

If you have not recently gone to the International Bible Institute Library, you might go there on the website and check out Volume 1. We have somewhat revised this volume, both in the text and the cover. In the future, we will work to revise the covers of the volumes, especially when we add them to the reading schedule of *The Scroll School*. We believe that the new covers reveal the message of the volumes. The example on the right is a good example of Volume 1 in the IBI Library.
