DICKSON Teacher's Bible Commentary

**HAS NOW BEEN FORMATTED
For Smartphones Around The World!
THIS IS TRULY BREAKING! NEWS!**

After months of reformatting and revisions, we have finally been able to publish on our website the new edition of the *Dickson Teacher's Bible Commentary*. You now have the opportunity to go to the "Teacher's Bible" page on the website and download individually each book of the Bible.

All of us who have worked tirelessly to produce this exciting edition of the *Teacher's Bible Commentary* material feel that we have now reached a milestone by offering a great opportunity to Bible lovers around the world. We can only imagine where this valuable Bible study tool will be used.

1. PERSONAL BIBLE STUDY: If you are studying the Bible alone in your own home, **then allow Dr. Dickson to be your teacher** by downloading any book of the Bible on your smartphone for personal devotional studies. (The text of the *International King James Version* has also been reformatted for smartphones. For Bible reading at night, you can turn your smartphone to the **landscape** position, and then read at ease the text of any book of the Bible.)

2. ENHANCING BIBLE CLASSES:

If you are sitting in a Bible class with other Bible students, and want to add something valuable to the class discussion, then read a portion of the *TB Commentary* to the class as a whole.

3. START A MOBIL PHONE BIBLE CLASS:

If you have several friends who have smartphones, ask everyone to download the same Bible book, and then meet regularly for discussions as you progress chapter by chapter through a particular book. Again, allow Dr. Dickson to be your teacher as you progress through a particular Bible book you have chosen to study.

4. BE A LIBRARIAN:

You may be the only person in your area who has access to the Internet, and thus the website below. However, you may have many friends who have WhatsApp on their

phones. You can download the particular book to be studied on your smartphone, and then share it to all your friends who have WhatsApp. In this way, you become a “librarian” to everyone in your village, city, and country.

Since all the books of the *TB Commentary* and text of the Bible are now on the website, we want to encourage everyone to help us encourage people to study, teach and preach the Bible.
