KEEPING UP WITH THE FACTS!

Advertising Receptivity Of The Website

Throughout our advertising of the website over the past few years, we have reached into **80 countries of the world**. **Triston Jacobsohn** is the advertising manager of the roger-e-dickson.org website who has accomplished this feat. He determines the method and target

countries throughout the world to which to advertise. It is interesting to notice the most recent regions of the world that have been the most receptive through the targeted advertisements. They are the following regions of the countries that have been targeted:

Muslim Mindanao, Philippines; Soccksargen, Philippines; Zamboanga Peninsula, Philippines; Lusaka Province, Zambia; Copperbelt Province, Zambia; Centre Region, Cameroon; Dar es Salaam, Tanzania; Montserrado County, Liberia; Kigali, Rwanda; Kampala District, Uganda; Karnataka, India; Maharashtra, India; Tamil Nadu, India; Lagos State, Nigeria; Greater Accra Region, Ghana

We are presently following a system of email advertising to focus on countries that have a great number of English-speaking citizens. These countries are targeted for a few weeks, and then we move on to other countries around the world. **This is a very exciting effort**. When in full advertising mode, we have about **1,500 hits a day** from targeted countries, though most of these hits jump in and out in reference to our Facebook advert notice. But many hang around and “surf” through the website to see what is there. The most downloaded books of the website are from the *Teacher’s Bible Commentary* page. When we advertise a particular volume – as the volume on Angels – this is the most downloaded item from the website.

It is difficult to explain the overwhelming outreach that we are presently having. **Triston** has built a library of Bible-orient videos. Over the decades, I have written several thousand pages of Bible-study material. Together through our advertising campaign we are reaching the world. This is world evangelism to the extreme. If you live in a small village, or in a mega-city of millions, it is still difficult to comprehend that we are reaching a world population.

YOU CAN JOIN THE WORLDWIDE GOSPEL TEAM!

We now assume that you are looking for a way to be a part of this global outreach. You can! In order to advertise worldwide, we need the emails of Bible teach-

ers and churches. You can email us in order to subscribe to this website advertising campaign. Encourage others to do the same by sending their emails.

SPECIAL NOTE
