Your Ship Is Coming In!

The new *Teacher's Bibles* are now ready for delivery around the world. They are available in 20-foot container shipments of 5,000, as well as palletized shipments of 144 each.

It has been a long time to get to this point, in fact, years. This new and unique edition of the *Teacher's Bible* comes with a new **maroon soft-cover binding**, as well as a **box cover** in which it is packed for protection. This is a special printing in order to keep the price per volume as low as possible. The **India Bible Resource Center** did a great job in putting together this very attractive volume for marketing throughout any country of the world.

There are **2,450 pages** of research material in this volume that will last a life time for a Bible student. With the printing of this special edition, an **expanded commentary of the entire Bible** from Genesis to Revelation has been included. Also included is an **expanded edition of the *Encyclopedic Bible Study Guide***. With the added Bible text of the *International King James Version*, this volume will fulfill all the Bible study research for preachers and Bible teachers far beyond their lives. **This is a volume to be passed down from one generation to another.**

We are encouraging everyone to at least order a palletized shipment of 144 copies (No individual copies are sent out.) A very generous offer has been worked out that if the recipients pay for one pallet of 144 volumes, **there are donors who will pay for the shipping of either pallets or containers**, keeping in mind that the recipients must pay for all importation costs. The India Bible Resource Center will send you an invoice for payment in advance, and the shipment will be on its way to any destination of the world. We would encourage you, however, to make your order and payment now, for **the first 7,000 printed volumes are about sold out**. Reprinting takes about two months, so we encourage everyone to order now a pallet of *Teacher's Bibles*, get them marketed throughout your country. You can then consider ordering a 20-foot container of 5,000 copies. This is a very unique volume in Bible research, having been written over a period of fifty years by **Dr. Roger E. Dickson**. There is no volume like it in the world. Therefore, we ask that you help the India Bible Resource Center to market this priceless Bible research aid to individuals and Bible schools around the world.
