Volume 9 – January 23, 2025

The **BREAKING NEWS** in this newsletter is that I am back after an extended focus on completing the new *Dickson Teacher's Bible Textbook* and the formatting of the new *Dickson Study Bible*. These were formidable efforts for Martha and myself as we reformatted about **3,700 pages** of material for both volumes. The *DTB Textbook* is printed by David Martin in Chennai, India. It will be distributed from the warehouse in Chennai to those throughout the world who want to start **Teacher Bible Schools**. The *Study Bible* is printed in Windhoek, Namibia in order to begin a new ministry of selling Bibles throughout that nation. More information will be forthcoming on these two ministries in the months to come. But for now, we are back to building the **International Bible Institute Library**. We have several books planned in order to build the number of volumes in the **IBI Library** to at least 200 volumes. The following are some of the new additions to the **IBI Library**:

## Function Of The Organic Body

His People Endure Forever: Shelf 6 — Volume 54

This volume focuses on how that church is an organic body in the sense of functioning in communities. As disciples of Jesus, we are not institutionally define, but organically identified in the community by what every member of the body does in his or her personal ministies to the community. This book will reveal an identity of the body of Christ that is often contrary to those who hold up on Sunday morning in a legally-defined assembly.

International Bible Institute Library

## The Love Meal

Gospel Living: Shelf 6 — Volume 55

This is a fascinating study of the “supper” meals that we encounter in the New Testament. Having grown up with the commonly used word “supper,” our definition and behavior surrounding this meal has been brought into the practice of “suppers” in the New Testament. You will be encouraged by this read, and thus, motivated to restore to your fellowship with other disciples what surrounds a “love feasts.” Because of the urban culture of the world today in which Christians are often found, this is a long-lost practice that we must restore.

International Bible Institute Library

## Preaching The Prophets

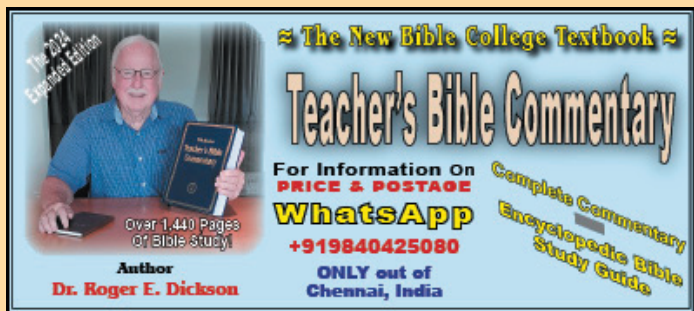

Gospel Living: Shelf 6 — Volume 56

In the midst of so many prognosticators (self-proclaimed) prophets today, this is a **must read**. Because of the news media propagation of world events throughout the world, it seems that every would-be self-proclaimed prophet has arisen to declare that we are in the “last days.” That may be, but keep in mind that God gave no indication of when Jesus would come. Jesus will come as a thief in the night, and thus, as thieves do not give us any signs of their arrival, so Jesus will not give us any “signs of the times” concerning His final coming. His warning is that we just be ready at all times. It is for this reason that you must download, read and share this volume with everyone on your WhatsApp list. In this way you will help others to focus on the present, without worrying about current turmoil in the future.

# If You Live In India Don't Miss This Opportunity!

Over 50 years of study by brother Dickson have gone into this one-of-a-kind Bible commentary that is now available in India. This is a textbook on Bible study that replaces all other directed studies of the Bible. You must order a copy in order to understand the invaluable help this study aid will offer to better understanding difficult passages.

Those who seek to acquire a copy of this volume must WhatsApp DAVID MARTIN in Chennai (number given) in order to receive information on the cost of the volume, as well as pay the asking price for the book to be posted to you. If you direct a Bible college, then this is the ideal textbook to be used by all your Bible students. Within this one volume are years of practical study and advice that will thoroughly prepare all your students to preach effectively the word of God.

## New Volumes That Will Change Your View Of Present Wars

In 1973 I published a book that dealt with a **critical misunderstanding of Bible prophecy**, which misunderstanding prevails even to this day in a misguided world view. The premise of the book was based

on thousands of people around the world at the time who claimed to know Jesus. However, **they denied Him because of their view of Old Testament prophecies.** Their view was that Jesus had not fulfilled all the Old Testament prophecies concerning His incarnation and establishment of His kingdom reign as He claimed at the conclusion of His ministry in the flesh in **Luke 24:44.** On the contrary, these prognosticators taught that Jesus came in the flesh to His own—the Jews—but those Jews at the time of His first coming rejected Him as the incarnation of God in the flesh. Subsequently, Jesus supposedly postponed His earthly kingdom reign until a later time when He would come again to establish forcefully a kingdom on this earth. Until that time, God would supposedly work in the self-proclaimed Jews on earth to organize themselves in order to produce a restored Jewish nation over which Jesus could reign when He comes again. They would free the land of Palestine of all “unbelievers” **so Jesus could reincarnate in the flesh and set up His earthly kingdom.** Thousands of people around the world today have been deceived into believing this erroneous world view. They have been led to believe that all the existing wars in the Middle East today are in preparation for Jesus to come again and establish a kingdom in Palestine—a most carnal and worldly concept of Jesus’ kingdom reign.
