## AN EXCITING NEW READ!

► Because of all the pope pontification that is going on throughout the world today, it is a crucial time to renew our studies of the **ONLY** Lord among those who are true disciples of King Jesus. It is for this reason that I am republishing the heart of a book that I first released in 1974. The book was entitled *THE MILLENNIAL MISTAKE*. (If you are interested, go online and google that book.)

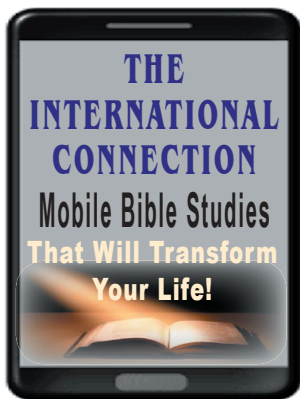

► I have extracted some important paragraphs from the 1974 book in order to draw attention to the fact that as a Christian, we still have only one Lord and King (Ep 4:4-6). If you have more "lords" in your life than Jesus, then you have one lord too

many. If the lord in your life had to be elected, then you have more lords than the one Lord Jesus Christ. It is time to study again our only Lord and King who is revealed in the Bible.

## ● DISCIPLE STUDY BIBLE ●

The latest news in reference to the *Disciple Study Bible* is that we are now targeting **India** as we targeted the country of **Namibia**. We are presently in the process of revising and reformatting the *Encyclopedic Bible Study Guide* of this special volume. We are doing this with the understanding that this volume will be around for at least the next 300 years. For this reason, we are taking great care in reformatting the text of the *Study Guide* in order to make it the best it can be as a study aid for millions in the future who want to use this volume as a textbook in Bible schools. Since over 2,000,000 of the volume have been distributed in the past 25 years, with either the New Testament, or combination of both Old and New Testaments,

we are looking to the future when millions will be printed and distributed worldwide. This unique volume will be printed in Chennai, India and distributed throughout the 1.5 billion people of India. It will be marketed in order to continue its availability to as many people as possible. The volume is specifically marketed as a textbook for Bible schools in order that it be reprinted in the decades to come. Once the volume is in print in Chennai, we will then inform everyone concerning the price for India. Those who order and use this particular volume will be joining with us in an effort to continually make this valuable study aid available to millions in the years to come.
