April 5, 2025

WATCH THIS SPACE!

One of the great ministries that is coming soon through the website is being developed by **Triston Jacobsohn**. This will be an advertising ministry of the material that is written and registered specifically for the website. We now have a list of **over 500 email addresses**. Triston will occasionally send out an announcement of **a new volume** that has been written and listed on the *International Bible Institute Library* page. In other words, over 500 people around the world will be regularly informed that there is a new book out and listed.

If you want to receive the notification of these listings of new books, then you need to go to the **“Feature”** page of the website and **subscribe by writing in your email address**. We want to encourage you to help in this special ministry by encouraging others to also subscribe to the advertisements of the new books. In this way you can join with us in reaching the more than **70 countries of the world** who have made contact with the material that we offer on the website. **We are presently reaching the world through this very unique website.**
