## BREAKING NEWS!

**December 1, 2023:** We seek to call for a restoration in the lives of everyone who believes in Jesus. This is the purpose behind our efforts to establish the **International Bible Reading School** in every nation of the world. And, **we can do this!** You will hear much about this school in the months to come on our Facebook site because this Bible-reading restoration has already begun in South Africa. With the partnership of thousands of Bible lovers throughout the world, we plan to expand this restoration worldwide in the years to come. Those who are concerned about the lack of Bible reading among religious people in their nation can start a IBR School restoration in their own nation. If you desire to establish an IBR School in your nation, then download the material on this website under the heading, "Reading School." You can help in this worldwide restoration in two ways: First, you can inform others about the the IBR Schools news that will regularly be posted on our Facebook site. Second, you can let others letting know that they can access information about the IBR School on this website. This is an opportunity to get in on the ground floor of a worldwide explosion to restore again the Bible as the foundation of our faith.

## NEWS FROM YESTERYEAR

**September 18, 2023:** From 75% to 80% of those who download from the website [www.roger-e-dickson.org](http://www.roger-e-dickson.org) do so with mobile phones (smartphones). Since we have been in the process of reformatting, revising and adding new material to the forthcoming *Teacher's Bible Commentary*, we thought it necessary to reformat the material also for smartphones. We have now done the commentary on **MATTHEW**, which has been added to the *Teacher's Bible* section of the website. We would appreciate it if you would download this newly formatted edition of the commentary and give us some comments and suggestions. We have changed the font and have reformatted the layout to be more compatible with smartphones. Please send your suggestions to [rdickson@mweb.co.za](mailto:rdickson@mweb.co.za)

**September 9, 2023:** At this time Martha and I are diligently into the reformatting and revision of the formerly published, *Dickson Teacher's Bible*. The new title for this volume, after all the additions and revisions have been added, will be entitled the *Dickson Teacher's Bible Commentary*. Including the distribution of printed editions, as well as distribution through the *Bible Research Library DVD*, over one million copies of the *Dickson Teacher's Bible* were distributed since the initial printing of the New Testament edition over forty years ago. Because the material was not brought up to date since the last publication over fifteen years ago, I decided that additions and revisions needed to be made. This is especially true in reference to the latest edition of the *Encyclopedic Bible Study Guide* that was first published in 1972, with continued additions since that date. With all the recent additions, especially those of 2022, I can comfortably say that the *Dickson Teacher's Bible Commentary* will be the ideal textbook for Bible schools. But more important, this will be the Bible study aid that will offer the best one-volume Bible publication for those preachers and teachers who will never have the opportunity of attending a formal Bible school. There is nothing like it being published in the world today. **This is a life-time volume that you can pass on to your heirs.**
